

Patient List

Generate at least one list of patients of the EP based on a specific condition.

Specific Conditions – Those conditions listed in the active patient problem list.

How to meet this measure using ONCOCHART -

You can generate this report by clicking *Patient > Generate Patient List > selecting a problem from the Problems box > choose Apply Filter > View Report*. You may choose to save this report as verification.

Name	SSN	Age	Problem	Problem Date	Encounter Date
BON-.	000-00-3032	70	Malignant Neoplasm - Carcinoma Lower Segment of Uterus	02/10/2006 12:00AM	02/08/2006 12:00AM
