

Patient Electronic Access

Provide patients online access to their health information within 4 business days of the information being available to the EP.

You must be subscribed to the patient portal to meet this measure. *Contact ONCOCHART support for more information regarding the patient portal.*

How to meet this measure using ONCOCHART -

Measure 1: Provide patients electronic access to his/her patient information. You can achieve this by *registering* more than 50% of your patients for the patient portal.

You can register a patient for the patient portal by clicking on Demographics > Patient Portal > Filling in the patient's email address > Click Enroll. You'll receive a confirmation if the enrollment is successful.

The screenshot shows the ONCOCHART software interface. On the left is a navigation menu with categories: Demographics, Clinical, and ePrescribe. Under Demographics, the 'Patient Portal' option is highlighted with a red number '1'. At the top of the main area are tabs for 'Calendar' and 'Patient Portal'. The main content area contains a form for patient enrollment. At the top of the form are two checkboxes: 'Authorization Completed' and 'Patient Declined'. Below them is a section titled 'Portal Information:' containing an 'Email Address:' label and a text input field with the placeholder 'PatientEmail@EmailAddress.com', marked with a red number '2'. Below the email field are four rows of labels and counts: 'Narrative Reports: 0', 'CCD: 0', 'CCR: 0', and 'CDA: 0'. Below these is 'EMR Files: 0', marked with a red number '3'. At the bottom of the form are six buttons: 'Re-Enroll', 'Enroll', 'Email Report', 'Print', 'Synchronize Records', and 'Exit'.

Measure 2: At least one patient seen by the EP during the EHR reporting period views, downloads, or transmits to a third party their health information during the EHR reporting period.

Only one of your patients needs to log into the patient portal and view or download some of their health information.

How to meet this measure using ONCOCHART -

Instruct your patient to log into the patient portal at <https://patient.oncochart.com>
