

Provide Patient Access

At least 1 patient seen by the MIPS eligible clinician during the performance period is provided timely access to view online, download, and transmit to a third party their health information.

You must be subscribed to the patient portal to meet this measure. *Contact ONCOCHART support for more information regarding the patient portal.*

How to meet this measure using ONCOCHART –

You can register a patient for the patient portal by clicking on *Demographics > Patient Portal > Entering in the patient's email address > Click Enroll*. You'll receive a message indicating whether or not the enrollment was successful.

Provide Access – When a patient possesses all of the necessary information needed to view, download, or transmit their information. This could include providing patients with instructions on how to access their health information, the website address they must visit for online access, a unique and registered username or password, instructions on how to create a login, or any other instructions, tools, or materials that patients need in order to view, download, or transmit their information.
